Message of the Chief Executive Officer

It is my honour and privilege to present the 2013 HLURB Annual Report. 2013 was again another busy year for the agency with the continued focus on fast tracking the provision of technical assistance to Local government units in the preparation and updating of their land use plans. Land use plans are very important tools in helping address the challenges of climate change adaptation and disaster risk reduction.

Insofar as the performance of the other equally important mandates, we have continued to meet the targets that we had set for 2013.

There is still a lot of work to be done and we will continue to deliver our services to our stakeholders with utmost competence and integrity.

God bless us all.

ANTONIO M. BERNARDO

Agency Profile

Mandate

As one of the key housing agencies, the Housing and Land Use Regulatory Board (HLURB) shall enhance rational land use and housing and real estate delivery through policy development, planning and regulations.

Vision

An institution of professionals exemplifying public service with responsibility, integrity, competence and justice geared towards the attainment of well-planned and sustainable communities through the regulation of land use, housing development and homeowners associations, and the just resolution of disputes.

Mission

To promulgate and enforce policies on land use, real estate development and homeowners associations in order to promote the interests of stakeholders.

Agency Accomplishments

License to sell

One of the mandates of the HLURB is to regulate the development and sale of subdivision lots and condominium units. The regulation is done primarily through a permitting system which requires developers to secure a license to sell (LS) for their condominium, subdivision projects and other non-residential real estate projects, prior to engaging in any sale.

In 2013, a total of **688** licenses to sell were issued. **637** of the licenses to sell issued were for **residential projects** while **51** of the licenses to sell for **non residential projects**. These figures translate to a total of **355,852 units** broken down to **225,051 residential housing units** and **130,801 non-residential units**

Majority of the **housing units** are located in the Southern Tagalog Region(**STR**) with **76,651 units**, followed by Expanded National Capital Region (**ENCR**) with **75,783** and then by Northern Tagalog Region (**NTR**) with **33,561 units**.

Majority of the licenses issued for **residential projects** Southern Tagalog Region (**STR**) accounting for **30%** (190/637), followed by Expanded National Capital Region (**ENCR**) with **28%** (178/637), and then by Northern Tagalog Region with 12% (79/637).

Majority of the **residential** projects were under the category of **Economic Housing** accounting for **31%** (197/637), followed by **Condominium** accounting for **25%** (162/637), and then followed by **open market** with **25%** (160/637).

For **non residential** projects, **memorial parks** accounted for **51% (26/51)**, and **commercial/industrial subdivision projects** accounting for **29% (15/51)**.

Majority of the **non-residential projects** are located in Northern Tagalog Region (**NTR**) accounting for 25% (13/51), followed by Southern Tagalog (**STR**) accounting for 23% (12/51), and Expanded National Capital Region (**ENCR**) with 22% (11/51).

Most of **non-residential units** are located at Western Visayas Region (**WVR**) which accounted for **39% (51,081/130,801)**, Southern Tagalog Region (**STR**) **22% (28,345/130,801)** and Northern Tagalog Region (**NTR**) **14% (18,323/130,801)**.

Overall, majority of the projects issued license to sell were located in Southern Tagalog Region (**STR**) which accounted for **29%** (202/688), followed by Expanded National Capital Region (**ENCR**) which generated for **28%** (189/688), and then by Northern Tagalog Region (**NTR**) which accounted for **13%** (92/688).

Compared to 2012, there was 35% decrease in the number of license to sell issued in 2013 (688 vs 927).

Other permits/ clearances

Aside from the license to sell, the HLURB also issues other housing and zoning related permits and clearances, such as locational clearance, zoning certifications, preliminary approval, subdivision and condominium plan approval, certificate of completion, certificate of registration, certificate of non-coverage, clearance to mortgage and certificate of creditable withholding tax. In 2013, a total of **4,553 other permits and clearances** were issued. Majority of these permits were issued in **CVR** which accounted for **29%** (1,300/4,553), **STR** at **15.4%** (702/4,553), and by **WVR** at **14.4%** (659/4,553).

HOA registration

Under Republic Act No. 9904 (RA 9904) , “An Act Providing for a Magna Carta of Homeowners and Homeowners Association and for Other Purposes”, Otherwise known as the “Magna Carta for Homeowners and Homeowners Associations, the HLURB exercises supervision over homeowners associations (HOAs). In 2013, the HLURB approved applications for registration of **720 HOAs**. The bulk of these HOA certificates of registration was issued by **ENCR** which accounted for **27%** (196/720), **STR** got **21%** (149/720), and **NTR** got **12%** (85/720).

Compared to the previous year, there was a 16% increase in HOA registration in 2013 (720 vs. 602).

Monitoring

Incidental to its mandate to regulate the condominium and subdivision trade and business, the HLURB conducts monitoring activities to determine whether projects issued license to sell are completed as per approved plan and schedule, as well as to check violations reported to it. Furthermore, it also conducts monitoring activities inherent to its mandate to supervise homeowners associations. Given the resource constraints, the HLURB was able to conduct a total of **40,489 field and non field monitoring activities in 2013**. A total of 24,659 projects and a total of 15,830 HOAs were monitored. Majority of the monitoring activities were conducted in **ENCR** which accounted for **29%** (11,603/40,489), **NMR** came in next with **22%** (8,826/40,489), and **NLR** which recorded **12%** (5,028/40,489).

The total number of monitoring activities in 2013 has increased by 9,941 or by 25% compared to the total number of monitoring activities in 2012.

Adjudication

Regional and LSG Cases

The HLURB is vested with power by law to hear and decide cases filed by subdivision lot or condominium unit buyers against the developer; homeowners disputes; as well as appeals from decisions of local zoning bodies.

In 2013, a total of **2,312 cases** at different stages of proceedings were being **handled** by the Regional field offices and Legal Services Group (LSG) of the HLURB. Majority of the cases were filed in **NCR** which accounted for **55%** (1,264/2,312) followed by **STR** with 18% (425/2,312), and then by **NTR** with 7% (161/2,312). By the end of the year, 48% or a total of **1,120 regional and LSG cases** have already been **resolved**.

Compared to the previous year, there was a 23% increase in disposed cases from 860 in 2012 to 1,120 in 2013.

Appeals

Decisions of the Regional Field Offices are appealable to the Board of Commissioners of the HLURB. In 2013, **366 appeals** were handled by the Board of Commissioners. As the year came to a close, 69% or **252 appealed cases** have been **resolved** with the assistance of the Appeals Review Group (ARG).

Compared to 2012, there was a 29% decrease in the appealed cases resolved in 2013 (252 vs. 353).

Comprehensive Land Use Planning and Zoning Assistance (CLUP/ZO)

Another major function of the HLURB is to render assistance to local government units (LGUs) in the formulation of their comprehensive land use plans (CLUPs). For 2013, 1266 LGUs were given technical assistance in the formulation of CLUPs; 161 CLUPs were reviewed as member of Provincial Land Use Committee/Regional Land Use Committee (PLUC/RLUC). 751 CLUPs for approval were monitored. A total of 22,668 participants from Local Government Units (LGUs) and Homeowners Association (HOAs) have benefited from various trainings conducted by the regions on subdivision plan processing, evaluation, monitoring, reviews and approval of CLUPs and zoning administration.

Compared to 2012, there was a 21.73% increase in assisted LGUs in 2013 from 1040 LGU to 1266. This was due to the Zero Backlog Program of the Board.

Out of the total number of 1,635 LGUs, 1,457 LGUs already have approved CLUPs and 178 have no approved CLUPs. Of the total number of LGUs with approved CLUPs, 612 are updated and 845 are for updating.

The HLURB also approves the CLUPs of Highly Urbanized Cities (HUC), Independent Component Cities (ICC) and cities and municipalities of Metro Manila and Provincial Physical Framework Plans (PPFPs)

Of the 18 CLUPs reviewed, submitted to the Board for ratification/approval, 3 CLUPs (Angeles City, Makati City, Iloilo City) and PPFP of Ilocos Sur were ratified/approved.

Registration of Brokers and Salesmen

Even with the passage in 2010 of the of R.A. 9646 (Real Estate Service Act) which professionalized the work of real estate brokers and salesmen, the HLURB continues to exercise its mandate to register brokers and salesmen of subdivision lots and condominium units pursuant to the provisions of P.D. 957.

In 2013, a total of **930 brokers, salesmen and dealers** were registered. Majority of them were based in **ENCR** which accounted for **74%** (688/930), followed by **NMR** which registered for **13%** (120/930), and **NLR** which accounted for **9%** (86/930).

Compared to the previous year, there was a less than 1% decrease in salesmen's/broker's license issued from 1,021 in 2012 to 930 in 2013.

Formulation of policy guidelines

The HLURB periodically revisits its policies and formulates new ones in order to adapt to the ever changing circumstances and in order to fill the gaps in policies for a more effective implementation of its mandates, mission and vision. The Board with the assistance of the Policy Development Group (PDG) and other concerned groups conducted several policy studies and formulated the following policies in 2013, to wit:

1. Board Resolution No. 912 – Revised Schedule of Fees
2. Board Res. No. 911 - Promulgating the Code of Ethics and Ethical Standards for Officers/Board Members of Homeowners Associations

FULL TIME COMMISSIONER

Board of Commissioner

The Board of Commissioners which sets and promulgates HLURB policies and steers its operation, is a nine-man crew with the Chairman, HUDCC at the helm, as Ex-Officio Chairman. Its members are four-full time Commissioners appointed by the President with one designated as the Chief Executive Officer, and four Ex-Officio Commissioners, namely: the Undersecretaries of the Department of Justice, Interior and Local Governments and Public Works and Highways and the Deputy-Director of the National Economic and Development Authority. It serves as a collegiums in the resolution of cases which are appeals from the decision of the HLURB arbiters, Regional Officers, local zoning administrators and local board of appeals. Each full-time Commissioner supervises a functional area at the Central and two to three Regional Field Offices.
